

HS-SSD-E100-512G

Hikvision SSD hard disk 2.5"

Capacity 512GB

SATA III Interface

Write speed up to 480 MB/s

Long lasting service life

Ideal for video surveillance

Hikvision

Hard disk SSD 512 GB 2.5"

SATAIII interface 6 Gb/s

Designed for maximum reliability in streaming High Definition Audio/Video

NAND Flash technology offering potential for higher capacity, performance and stability

It includes installation in DVR, formatting and verification

Specifications

Brand Hikvision

Capacity 512 GB SSD

Interface SATA III

Max. read speed 550 Mb/s

Max. write speed 480 Mb/s

TBW 240TB

Transfer Rate 6 Gb/s

Flash memory NAND 3D TLC

MTBF 1.5000.000 h
